Now

SapienzaNLP group - PhD in Natural Language Processing

Sapienza University of Rome, November 2021 – Now.

Babelscape – NLP Engineer

February 2021 - Now.

End-to-End multilingual pipelines for Word Sense Disambiguation (AMuSE-WSD) and Semantic Role Labeling (InVeRo-XL).

Work Experience

Capgemini – Software Engineer

March 2018 - September 2018.

Backend software engineer.

Education

Master of Science in Engineering in Computer Science

Sapienza University of Rome, October 2018 – January 2021.

- Thesis title: An automatic approach to produce multilingual training data for Semantic Role Labelling.
  - Grade: 110/110 with honors
- Relevant exams: Natural Language Processing, Computer Vision, Neural Networks, Machine Learning.

Bachelor of Science in Computer Science

Sapienza University of Rome, 2014-2018.

- Thesis title: Densest Sub-graph in Fork/Join. A Fork/Join parallel implementation of an algorithm for the densest sub-graph problem.

Publications

AMuSE-WSD: An All-in-one Multilingual System for Easy Word Sense Disambiguation

Orlando Riccardo, Conia Simone, Brignone Fabrizio, Cecconi Francesco, and Navigli Roberto

In Proceedings of EMNLP 2021, System Demonstrations

InVeRo-XL: Making Cross-Lingual Semantic Role Labeling Accessible with Intelligible Verbs and Roles

Conia Simone, **Orlando Riccardo**, Brignone Fabrizio, Cecconi Francesco, and Navigli Roberto

In Proceedings of EMNLP 2021, System Demonstrations

Skills

- Languages: Python, Java, Kotlin, HTML, CSS, JavaScript
- Technologies: PyTorch, PyTorch Lightning, TensorFlow, Keras, ONNX, Scikit-learn, Pandas, NumPy, FastAPI, Docker, Git
