EDUCATION

Ph.D. in Natural Language Processing

Ph.D. Degree

Sapienza University of Rome

Advisor: Roberto Navigli

Rome, Italy

Nov. 2021 – Now

Master of Science in Engineering in Computer Science

Master's Degree, 110/110 cum laude

Sapienza University of Rome

Thesis: Automatic approaches to produce multilingual training data for Semantic Role Labelling

Rome, Italy

Oct. 2018 – Jan. 2021

Bachelor of Science in Computer Science

Bachelor's Degree

Sapienza University of Rome

Thesis: Densest Subgraph in Fork/Join

Rome, Italy

Oct. 2014 – May 2018

EXPERIENCE

Teaching Assistant

Sapienza University of Rome

Mar. 2022 – Now

Rome, Italy

- Natural Language Processing MSc course: tutorial sessions, homework, and student assessment
- Elective in AI MSc course: homework and student assessment

NLP Engineer

Babelscape

Feb. 2021 – Dec. 2021

Rome, Italy

- Developed end-to-end state-of-the-art multilingual pipelines that tackle Word Sense Disambiguation and Semantic Role Labeling, two NLP semantic tasks
- Presented two papers at EMNLP 2021
- Developed an internal framework for easily saving and loading NLP pipelines

Software Engineer

Capgemini

Mar. 2018 – Sept. 2018

Rome, Italy

- Developed a backend application using Spring Boot to handle internal workflows for different customers
- Contributed also to the front-end application, which was made on top of Angular
